## 2006 Season Fast Approaching

Thanksgiving has a special meaning after rough hurricane season

Dear Friends,

Re-enrollment for summer 2006 has been very strong and we are delighted to welcome several new families to Camp. We will be participating in many Camp Fairs again this year. A list of these will be posted on the Adirondack web site. Please drop in to say hello or stay and help us out. A big "HOW" to all of those campers and parents that took the time to complete and return the summer evaluation form. Your feedback continues to be very important to us.

This fall our thoughts have primarily been with our many families who were affected by the hurricanes Katrina and Rita. Several Adirondack families were uprooted but, list.png to the best of our knowledge, everyone is well and making the best of the circumstances. Former Adirondack nurse, Jeanne Ferry who retired from her full time job last year, recently called in to Camp to say hello. She was in Florida volunteering for the Red Cross. Aunt Jeanne is a recipient of the Adirondack Gold Eagle and continues to exemplify that spirit in her life.

Thanksgiving, the holiday, is past. But we remember on a daily basis how thankful we are for our beautiful peninsula on Lake George and the wondrous magic that it has brought to so many lives.

Noonway,

Linda Goodwin Matt Basinet

### Camp Wish List

*A big "thank you" goes out to John Lippincott (66-68) for donating some of his extensive camp memorabilia. The items include cabin pictures from Cherokee. Lodge, camper photos in the mess hall and sailing, tom-toms, and end-of-season reports signed by Col. Warrick. These items will make a great addition to Camp's archives and website photographs. Camp is always interested in any items you think we might need like tennis rackets or soft-ball bats or even sailboats.*
