

Off-Site Swimming Permission

Dear Parents,

Our campers often go on trips outside of Camp during which time they often have the opportunity to go swimming. The New York State Department of Health requires that our lifeguard staff perform certain preliminary safety checks of the swim site and also that we have permission from parents for their camper to participate in offsite swimming. Please sign one of the boxes below and return by May 1st.

Please feel free to call us at 518/547-8261 if you have any questions. Thank you for your cooperation.
